LUXURY 3 BEDROOM DETACHED VILLAS IN TORREVIEJA. These luxury detached houses are 200 metres from the sea and come with private pool, garden and car access. The houses are developed in 2 floors, with a floor area of 107 m2 and an additional floor area of 67 m2 in the basement (optional). The plots have a surface from approximately 300 m2 to 400 m2. The Brisas model has two versions, the Brisas A model or model Brisas B, depending on whether the entrance to the house is on the main or rear facade of the house. Both models feature living room, separate bathroom, kitchen and a bedroom on the ground floor, two bedrooms en suite and balcony on the ground floor and solarium. The houses are built to the highest standards, both in construction and finishes, equipped with pre installation of air conditioning ducts, battery or solar panel with stainless steel handrails glass among others.
